

Ion100™

Alkaline Ionized Water for your Home or Office.

Reward yourself. Drink to health. Improve your every day.

Drinking alkaline ionized water can produce tremendous results in your activity levels, mental alertness, and long term health.

The Ion100 is the first Reverse Osmosis water purifier with built in Alkaline Mineral Ionizer. It percolates water through five natural beds of minerals duplicating the natural fall of water on its way down to the ocean to produce alkaline water in a very natural way.

Ion100™

The Ion100 is not just an ionizer, it is a complete purification system that installs easily into any home or office to produce a soft, silky water that has to be tasted to be believed!

- Ultra Pure & Safe Filtered Drinking Water
- Fresh, Crisp Taste Superior to Bottled Water
- 100 Gallons/day Nominal Output— Fastest Flow
- 5-Stage Complete Reverse Osmosis
- Saves \$400-\$800/year over Bottled Water
- WQA Compliant System
- Assembled in the USA with High Performance Parts

Introducing the first affordable Reverse Osmosis Water Purifier with a built-in Alkaline Mineral Ionizer!
